## CIRCUIT COURT.

Grand Jury Made Up And Given Instructions.

Heavy Docket for Term. With Two Murder Cases and About Thirty Divorce Suits.

Circuit Court convened in this city yesterday for a session of six weeks. Judge Cook opened court with prayer, and after delivering instructions to the grand jury, adjourned until to-day when the petit jury will be made up and work will begin in earnest.

There are about 500 cases on the docket, made up as follows: New appearances, (common law) 66; new appearances, (equity) 44; continued common law cases, 173; commonwealth cases, 143. This makes a total of 477 cases set for trial during the term. About 25 per cent. of the appearances are divorce petitions, there being twenty-eight of these new suits on the docket.

The Reuben Haynes murder case is set for to-morrow and the case of the Commonwealth against Jake Williams, charged with a similar offense, is set for Thursday.

### GRAND JURY.

Following is a list of the grand jurors: T. P. Dunning, foreman; A. E. Word, David Boales, J. W. Gresham, J. M. Renshaw, Geo. W. Gee, Solomon Smith, A. F. Witty, J. A. Dollins, L. L. Nichols, John White and Maxey Lucas, colored.

Only ten of the twelve men selected reported for duty and the last two men were selected from bystanders.

### LIFE SENTENCE.

Given Slayer Of Richard Lackey, Formerly Of Hopkinsville.

The trial of Joe Robinson, colored, charged with the murder of Richard Lackey, colored, formerly of this city, was held at Madisonville last week and resulted in a life sentence in the penitentiary for the prisoner.

During the holidays Robinson reported to the authorities that he had discovered the dead body of Richard Lackey in a room adjoining the one in which he and his wife lived. He reported that he knew nothing about the circumstances of his death and that he had discovered it by accident. He and Lackey lived in adjoining rooms in a negro tenement house. He reported that he had been chasing some dogs away and happened to glance in the window of Lackey's room and saw his dead body lying on the floor. Other testimony, however, showed quite a different state of affairs.

Mrs. Hibbs, a white lady, testified that on the Friday before the Sunday on which Robinson reported the finding of the body Robinson and Lackey seemed to be engaged in a controversy and Robinson had fired two shots at Lackey who had gone into his room. She thought no more of it and supposed that he had not been hit. But when the discovery of the dead body was made and the inquest held she told what she had seen and heard. On the strength of this statement from her and other corroborating circumstances which developed, Robinson was arrested charged with the murder of Lackey and his conviction followed.

Judge M. D. Brown, assisted Commonwealth's attorney Gray in the prosecution.

### Plenty of Live Buds.

Col. L. N. Lowry, who owns one of the finest orchards in this section, and is a pretty good authority on such matters, states that as yet there are enough live buds to produce an enormous crop.—Pembroke Journal.

### Postmaster Appointed.

Mr. J. N. Murphy was appointed postmaster at Macedonia, North Christian, last week.

## P. O. BUILDING.

All Hope of Getting It Not to be Abandoned.

Some Light Thrown on the Question by Congressman Allen.

With assembling of Congress having been in session since December many of our people, not acquainted with the dilatoriness of that body, have wondered if any attention had been given to erecting a government building in Hopkinsville, as it was reported favorably at its last session. Having been approached on the subject and being unacquainted with its status, we wrote a letter to Hon. H. D. Allen for information. Following is Mr. Allen's reply:

COMMITTEE ON AGRICULTURE, HOUSE OF REPRESENTATIVES U. S., Washington, D. C., Feb. 21st., 1902. Mr. C. M. MacLean, Hopkinsville, Ky.

DEAR SIR: I am in receipt of your favor of the 18th inst., asking me to tell you whether Hopkinsville has any chance of having a public building. I am wholly unable to give you positive answer about this matter. The evidence in the case, it seems to me, is sufficient to justify a public building, but there are so many bills pending it will be impossible to say which of them or how many of them, will be favorably reported. I wish I could give you more definite information. Very truly yours,

H. D. ALLEN.

## CLAY PIGEON SHOOT.

Some Excellent Sport and Good Scores Made.

A clay pigeon shoot took place in Mercer Park Saturday afternoon. There were sixteen participants in the fun and some good shooting was done.

The line-up was as follows: W. A. Glass, John J. Reed, Geo. Merritt, C. O. Prowse, E. M. Moss, L. L. Nichols, Will Starling, Hunter Wood, Jr., on one side, and G. L. Campbell, W. T. Wadlington, S. C. Mercer, Jr., G. C. Long, Alex. Over-shiner, Guy Starling, Archie Gant and Charles (Hayden) on the other. Twenty rounds were fired by each member and the scores ranged from 12 to 15 pigeons. Mr. S. C. Mercer broke 19, making the highest score.

## VICTIM OF PNEUMONIA.

Succumbs to Attack After Two Weeks' Illness.

Mrs. Virginia Rossington died last Thursday night at her home near Julien of pneumonia. She had been ill about two weeks and her death was not unexpected.

She was the widow of R. G. Rossington, and is survived by two children, Mr. W. W. Rossington of this city, and Mrs. Logan, of Ft. Worth, Texas, both of whom were at her bedside during the last days of her illness. Services were held at the home of Mr. W. W. Rossington, in this city, Saturday morning, and the interment took place in Hopewell Cemetery.

## HASKINS-ELLI.

Dawson Man Will Wed Clardy Woman Wednesday

Mr. Samuel Haskins, of Dawson, and Miss Jane Elli, of Clardy, North Christian, will be married to-morrow afternoon. The wedding will take place at the home of the bride. Rev. Clark will officiate.

## Brook-Garth.

The wedding of Miss Bessie Garth, of Trenton, and Dr. Brock of Madison, has been announced. The nuptial event will take place during the month of October.

## BROILER PLANT

On a Large Scale to be Started at Once.

Archie Higgins has sold out his interest in the cigar factory of Higgins & Co., and is preparing to start a large broiler and fancy poultry plant two miles south of the city on the Ford Schmitt farm. Mr. Schmitt will be interested with Mr. Higgins in the business. Mr. Higgins has just returned from a visit to one of the largest plants of the kind in the United States, located at Sidney, Ohio. He obtained much valuable information and made a close study of the details of the business. The erection of the main building, which will be 700 by 38 feet, will be begun this week, and Mr. Higgins, who will personally manage the plant, expects to begin operating his incubators by the 10th of March. The plant will be called the "Shield B Poultry Plant" and will be made one of the largest in the South. It will be located on a farm of 160 acres, two miles south of town. Besides raising broilers on a large scale, the plant will raise fancy poultry, Belgian Hares and Pheasants.

There is big money being made out of this business in many parts of the country, and the promoters of this new enterprise will no doubt make a distinct success of the undertaking.

## GIVEN TWO YEARS.

Dan Harris, Who Killed Little Child, Convicted.

Dan Harris, of Hopkins county, who shot and killed a little child of Mr. Humphreys, living in Madisonville, on the last day of the Hopkins County Fair last year, was convicted of manslaughter and sentenced to two years in the penitentiary. Harris had been to the fair and was returning home drunk with some companions when he drew his revolver and fired killing the child. Harris claimed that he shot at a dog and did not see the child, soon after his arrest he was brought to Hopkinsville on account of the threatening attitude of some of the people who talked about mobbing him.

## Dr. B. W. Stone's Estate.

The appraisement of the estate of the late Dr. B. W. Stone, has been filed in Louisville by the administrator, Mr. Lander Stone. The estate aggregates about \$35,000, in realty, cash and bank stocks. He held 30 shares of stock in Planters Bank and Trust Co., of this city.

## New Depot For Seebree.

Seebree, Feb. 22.—J. W. Logan, superintendent of the L. and N. Railroad Company, was here to take options on city property for a ninety-nine-year lease for the erection of a new passenger depot.

## MONTH OF MARCH

Will Be One Of Many Storms, Says Hicks.

Worst Clashes Will Be Central On 24th, Covering 21st to 26th.

Following is a summary of the weather for March, according to Hicks:

From about the first to the 4th heavy storms of rain, sleet, snow and wind will prevail. In the Southern and central portions of the country there will be very low barometric conditions, with sudden change to warm, southerly winds. Look out for dangerous tornadoic storms.

All general storms at this time, and throughout the month, will be equinoctial in character: the first stages will be warm, with rain, lightning and thunder especially along the south and east sides of storm areas. To the west and northwest the rain will rapidly turn to sleet and snow, followed by a high barometer which will force cold waves and extreme wintry conditions for the season eastward and southward over almost the entire country. All through the Mercury period, which ends about the 10th, cloudy, threatening weather will prevail, but renewed storm conditions will be marked from about the 8th to the 10th inclusive. All sections dominated by warm, equinoctial currents at this time will be visited by heavy thunder and lightning, and many Venus downpours of rain and hail. Chances are good for continued and general storms over the 10th and into the storm period extending from the 11th to 16th.

A reactionary storm period will be center on and about the 19th and 20th, at which time change to warm air, falling barometer and wide areas of more rain and snow will pass eastward across the country, followed by a decided change to colder.

The storm period in which Boreas and the equinoctial powers will make one of their final and worst clashes is central on the 24th, covering the 21st to 26th. Dangerously high tides, attended with violent equinoctial gales and storms may be expected from 21st to 26th on the eastern coast, with snow and blizzards to many parts of the country, even in the central States.

The cold-weather that is sure to follow the last named storm period will change to much warmer as the month goes out, the barometer will again fall, and more reactionary rain and snow will visit many sections in their march eastward across the States.

Mrs. S. L. Bowling is visiting in Clarksville.

**CHAS. M. MEACHAM**  
 We are authorized to announce  
 MRS. WEBB C. BELL,  
 Christian County, as a candidate for District  
 Commissioner in the First Railroad District  
 of Kentucky, subject to the action of the Demo-  
 cratic party. Election Nov. 1913.

—FEBRUARY 25, 1902—

### ANNOUNCEMENT

We are authorized to announce  
 MRS. WEBB C. BELL,  
 Christian County, as a candidate for District  
 Commissioner in the First Railroad District  
 of Kentucky, subject to the action of the Demo-  
 cratic party. Election Nov. 1913.

The Capitol Removal bill has been killed by the Senate.

A warm spell is promised now, with a general breaking up of ice in the streams.

The Louisville Commercial Club gave an elaborate banquet to the Legislature Friday night.

The fire insurance companies have announced a general advance of rates all over the country, of about 25 per cent. The raise is to take effect at once.

Prince Henry arrived at New York Sunday, a few hours late and is now in Washington. While at sea the prince sent a wireless telegraphic message to President Roosevelt and in reply was told that he was in the city.

Judge Owen has decided the contest of Pettit vs. Yewell, for Mayor of Owensboro, in favor of Yewell, Republican, by an increased majority over the official figures.

Terry McGovern, former feather-weight champion, knocked Dave Sullivan out in the fifteenth round, at Louisville Saturday night, in a contest before the Southern Athletic Club. Bob Fitzsimmons was referee.

The Illinois Supreme Court affirmed the decision of the Cook County Criminal Court in the case of Walter A. Paulson, president of the Central Trust and Savings Company, who was convicted for receiving deposits when he knew the bank was insolvent, and sentenced to the Joliet penitentiary.

Miss Ellen Stone, the American Missionary, and her companion, Mrs. Tsilia, who have been held for ransom by Macedonian brigands since September 3, were released last week. They are now with their friends. The ransom of \$70,000 was paid two weeks ago. Mrs. Tsilia gave birth to a child while in captivity, which was also rescued.

The lower House of Congress has passed a resolution providing that U. S. Senators shall be elected by the people. The sentiment of the house was so overwhelming that there was no opposition to the proposed amendment and no roll call. This is the fourth time the House has declared itself in favor of the election of Senators in this way, and three times it has been killed in the Senate. It looks like the Senators are afraid they will not be re-elected.

Senators McLaughlin and Tillman had a fist fight in the United States Senate Friday. Tillman accused McLaughlin of selling his vote for the control of State patronage. McLaughlin gave Tillman the lie and the set-to resulted, with Tillman the aggressor. They were separated with difficulty. Both Senators apologized to the Senate, but Tillman is liable to be severely censured and suspended from the privileges of the floor for thirty days.

## The Stimulus of Pure Blood

That is what is required by every organ of the body, for the proper performance of its functions.

It prevents biliousness, dyspepsia, constipation, kidney complaint, rheumatism, catarrh, nervousness, weakness, faintness, pimples, blotches, and all cutaneous eruptions.

It perfects all the vital processes.

W. P. Weston, Woodstock, Ala., took Hood's Sarsaparilla to make his blood pure. He writes that he had not felt well for some time. Before he had finished the first bottle of this medicine he felt better and when he had taken the second was like another man—free from that tired feeling and able to do his work.

**Hood's Sarsaparilla**  
 Promises to cure and keeps the promise. Accept no substitutes, but get Hood's today.

### TOO HONEST OFFICIALS.

There is a very evident disposition on the part of the Legislature to give the Beckham administration rope and let it hang itself so high that there will be no serious obstacles in the way of a new and clean deal in State politics next year. Gov. Beckham has already made a record for pardoning gamblers and mountain murderers before trial and has shown such a decided preference for crap-shooters and poker-players for Asylum officials that the Senate—or rather a majority of the Senate—consented to have the administration represented in the Western Asylum by a bunch of confessed gamblers.

As the people of Kentucky, the Christian, law-abiding people, will not endorse by their votes the conversion of the insane Asylums of the State into gambling hells, the only conclusion is that the Governor's enemies have joined with his friends in the Senate to fasten his record upon him and emphasize this bold defiance of public sentiment. It had been hoped that the Senators as individuals would have opposed the confirmation of these law-breakers and thus have spared the Democratic party the shame of having to make a defensive campaign next year.

The Senate Committee on Charitable Institutions has taken still another step in its desire to place the entire responsibility of Asylum mismanagement upon the administration. The Board of Commissioners holds office for six years and cannot be removed under the law except by impeachment proceedings begun in the House and tried in the Senate. It is a perpetual body, that laps from one administration to another, no Governor appointing more than six of the nine members. Gov. Beckham has appointed six of the present Board, two in 1900 and four but recently, one of his three first appointees having resigned. Messrs. Knight, Breathitt and Shryver have two years more to serve. The Governor now desires to get rid of these three commissioners and Messrs. Ware and Walker whom he appointed twelve years ago. In the recent attempt to corrupt the morals and squander the funds of the Asylum, these five commissioners and their four associates who have retired, were as one man upholding the law and protecting as best they could the interests of the State. There are now many bills of questionable character hung upon the Board, that have been disallowed because the Board did not believe they were just and because the expenses of the Asylum have been increased about \$28,000 over 1899 and it was necessary to call a halt in the waste of the public money, for which the Board is held responsible.

The commissioners who have proved themselves too honest and too mindful of their oaths, are men of the highest character, representing both political parties and their proposed impeachment and removal by the General Assembly is regarded as a matter so farcical in its very nature that it is difficult to treat it as a serious proposition. There are few enough public officials in these degenerate times who perform their duties faithfully and the proposition to degrade men of the highest personal character for their pure performance of their sworn duties, is as bold as it is ridiculous.

South Trimble has announced his candidacy for re-election to Congress in the Seventh District.

## TO STUFF HENRY Preparations to Make Luncheon Surpass Anything of the Kind

Of all the entertainments arranged in honor of Prince Henry there will be none more elaborate than the luncheon to be given for him at Sherry's, in New York, by the representatives of American finance, trade and industry. The moving spirit in the affair is J. Pierpont Morgan. In the way of giving the royal visitor an idea of the possibilities of American gastronomy it is projected to surpass anything of the kind that has ever taken place before. The cost of the luncheon will be great, and among the items of expense will be the highly ornate liveries now being made for the entire staff of waiters employed in connection with the entertainment. The Prince and his entertainers will be surrounded by servants who will look as if they had stepped out of a canvas painted in the days of the Georges or the Regency. Each of these servants, smooth shaven and of impassive countenance, will wear of the conventional swallow tail, a black cloth coat, with seven cloth-covered black buttons on either side, beginning at the neck and extending to the waist. A fine piece of black braid runs from the button to the edge of the coat, which is without lapel and has a clerical collar. A white stock encircles the neck and at the front of the throat is a white satin bow.

Under the coat is a white buttonless waistcoat, the bottom coming well down over the waistband of the black plush breeches of full cut, gathered in at the knee with a band which tops a pair of white stockings. Patent leather pumps, with buckles, complete the costume. The whole outfit is a complete reproduction of the livery used in England a century ago, but of much finer texture.

**Horses and Mules.**  
 I will be at C. H. Layne's stable in Hopkinsville, Ky., Saturday, March 1, 1902, for the purpose of buying two carloads of fat horses and mules. Will buy all ages, but they must be fat. Get your stock ready for market and bring them in and get the cash for them.

### Why Easter is a "Movable" Feast.

During all of March the sun is coming farther North. About the twentieth it shines directly on the Equator, and the day is just as long as the night. The time of the old Jewish Passover, and hence of our Easter, depends on this date. This latter always comes on the Sunday following the first full moon after the sun crosses the line. This accounts for its being so "movable." A feast—March Ladies' Home Journal.

### Minstrels March 8.

Ruscoe & Holland's Minstrels will appear at Holland's Opera House Saturday, March 8, for matinee and night performance.

### Patchwork Quilt.

A daughter of Squire M. B. Henderson, who lives near Pilot Knob, has just finished a patchwork quilt that has 10,220 pieces in it.—Fairview Review.

## Over-Work Weakens Your Kidneys.

### Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pain, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or uneasy heart beats and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmor's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar bottles. If you may have a sample bottle by mail, send a name-rod, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmor & Co., Birmingham, N. Y.

### THE L. T. C. C.

Strong Repertoire Troupe For Three Nights' Engagement.

The Lillian Tucker Comedy Company, a strong repertoire troupe, will hold the boards at Holland's Opera House February 27, 28 and March 1.

The opening play will be that famous comedy, "I revelyn Wells." Prices will be 10, 20 and 30 cents and ladies will be admitted free the first night, under the usual conditions.

The Lynchburg, Va., News says:

"The many flattering press notices given Miss Tucker and the Chas. C. Vaught company, before their appearance here, led the large crowd that attended the house last night to expect something better than the usual run of popular price acting, and to say that they were not disappointed in putting it mildly. In the dual role of Jean Ingleside and La Belle Marie Miss Tucker scored a decided hit, while the support accorded her was faultless. The specialties between acts were of a high order and taken altogether no better company has filled the boards of the opera house for a long time."

### Biliousness Cured.

If Seever, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic, sent to a nearby drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon in the most severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. For sale by all druggists.

### MR. GRAVES GETS DAMAGES.

Suit Against Railroad Decided in Favor of Plaintiff.

The jury in the damage suit of F. P. Graves against the Cumberland Telephone Company, returned a verdict for the plaintiff for \$170. He sued for \$2,000 damages received by falling into a telephone post hole which had been left uncovered near Julien. A motion for a new trial was overruled.

The suit of Cuttie Roach, of Montgomery, against the Cadiz Railroad Company was decided in favor of the plaintiff, Judge Cook holding that as there was no money consideration, but just a mere donation of the right-of-way, it could not be held as a contract and, therefore, was not binding. The Railroad Company will appeal the case.—Cadiz Record.

## My Hair

"I had a very severe sickness that took off all my hair. I purchased a bottle of Ayer's Hair Vigor and it brought all my hair back again."

W. D. Quinn, Marselles, Ill.

One thing is certain, Ayer's Hair Vigor makes the hair grow. This is because it is a hair food. It feeds the hair and the hair grows, that's all there is to it. It stops falling of the hair, too, and always restores color to gray hair.

### DR. NEWMAN HALL.

Well Known Divine, Who Really Built Lincoln Tower, London, Is Dead.

London, Feb. 18.—The Rev. Dr. Newman Hall, the well-known divine and author of many religious treatises died to-day at the age of 87.

Dr. Hall, was a brother of Capt. J. W. Hall, who commanded the Great Eastern steamship on her first voyage across the Atlantic.

When the Civil War broke out in the United States he advocated the Northern cause in the interest of union and freedom. He afterward made two extensive trips through the United States for the purpose of allaying the bitter feeling toward Great Britain and of promoting international good will. He opened a public subscription which finally resulted in the building of "Lincoln" Tower, adjoining Christ's Church in London.

### Smoothing That Will Do You Good

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family as to add that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given up on our own experience, and we suggest that our readers, especially those who have small children, always keep it in their houses as a safeguard against croup.—Camden (S. C.) Messenger. For sale by all druggists.

### Mr. Wheeler Got Rid of His Rheumatism

"During the winter, 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year.—R. Wheeler, Northwood, N. Y. For sale by all druggists.

### Helen Kellar's Own Story of Her Life.

Helen Kellar, the remarkable deaf, dumb and blind girl, who has not only learned to talk, but enjoys every privilege of those who hear and see, has just finished writing with her own hands the story of her remarkable life for the Ladies' Home Journal. In this she describes her first awakening to the realization of life and the world, and all that both contain; her first impressions and feelings and emotions, and the first rays of understanding that came to her. From that point she tells of the unfolding of her mental and physical powers, how she learned to think and act, how she received instruction, and finally became capable of acquiring an education which places her among the best educated women of her age in the world to-day. It will begin in the April number of the Journal.

### Accepted Charge at Trenton.

Elder H. A. Macdonald, of Cadiz, has accepted the pastorate of the Christian church at Trenton and preached his initial sermon Sunday. The Trenton Democrat says it is probable that Elder Macdonald will move his family to that place some time in June.

### COUNTY COURT ORDERS.

Numerous Deputy Clerks and Two Deputy Surveyors.

Mr. M. C. Cash, J. T. McCord and John Sollee were yesterday appointed deputy county clerks.

H. B. Crunk and H. P. Rives were appointed deputy surveyors.

V. M. Williamson was appointed coal oil inspector for the county.

J. T. McCord was named as overseer of the Union Chapel school house from the said school house to the Consolation and Buttermilk road.

Mr. C. M. Dulin has sold out his interest in the mercantile business of Morris & Dulin, at Dawson, and moved to the Crofton neighborhood to reside.

## You may Snap your Fingers at Dyspepsia

There is a quality in Royal Baking Powder, coming from the purity and wholesomeness of its ingredients, which promotes digestion. Food raised by it will not distress. This peculiarity of Royal has been noted by hygienists and physicians, and they accordingly recommend it in the preparation of food, especially for those of delicate digestion.

### REPORT OF COMMITTEE

On the Death of Bro. J. A. Coleman to Church Hill Grange, No. 190.

The grim reaper death has again invaded our ranks, and taken from us our worthy and loved Brother J. A. Coleman.

Brother Coleman was a man of many estimable traits of character, strong minded, but gentle and courteous in manner. He was ever ready to do a kindness for a friend or neighbor, was a skilled mechanic and one of the best farmers in the county, a thorough gentleman and christian. He was seventy years old, and every trust was garnered like a ripe sheaf into the Paradise of God.

Resolved 1st. That in the death of Bro. Coleman his family has lost a loving husband, a kind and generous father, the Grange a useful member and the community a good neighbor and kind friend.

Resolved 2d. That we tender to the bereaved family in their great sorrow our sincere and heartfelt sympathy.

Resolved 3d. That a copy of these resolutions be sent to the family of our deceased brother and a copy be recorded in our proceedings.

## Stop the Blight

It is a sad thing to see fine fruit trees spoiled by the blight. You can always tell them from the rest. They never do well afterwards but stay small and sickly.

It is worse to see a blight strike children. Good health is the natural right of children. But some of them don't get their rights. While the rest grow big and strong one stays small and weak.

Scott's Emulsion can stop that blight. There is no reason why such a child should stay small. Scott's Emulsion is a medicine with lots of strength in it—the kind of strength that makes things grow.

Scott's Emulsion makes children grow, makes them eat, makes them sleep, makes them play. Give the weak child a chance. Scott's Emulsion will make it catch up with the rest.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 405 Pearl St., New York. 50c and \$1. all druggists.

### BETHEL COLLEGE NOTES.

The business meeting of the Y. W. C. A. was held in the Society Hall last Tuesday afternoon. There was a full attendance and the association decided that hereafter it would hold its meetings once a week. Another new resolution was to devote more time to home missions.

Misses Nannie Stowe and Elsie and Carrie Baker visited their homes at Julien the latter part of last week.

We also missed Miss Katherine Jones last Saturday and Sunday. She tells us that she was enjoying more pleasant company at home.

Our girls had a taste of the "Old Deestrick Skule" last Friday. As our chapel was being remodeled we were forced to find another retreat. The upper room of the Annex was immediately filled up with convenient furnishings. In spite of the little discomfort, the work of the day was carried out orderly and well, and the short retreat of the "Good Old Times" afforded us quite a novel experience.

The work on the chapel has been finished, and is pronounced by all who have seen it to be a great improvement. Our friends and the Alumnae will have an opportunity of showing their interest in our efforts on behalf of the school, by their presence at our series of entertainments. These will begin with "Zaida," which will be given in the chapel on the evening of March the seventh.

Miss Ida Schaefer spent Sunday with her friend, Miss Therasa Stowry, at Howell.

Little Miss Daisy Burgess, our baby boarder, visited her parents at Elkton last week.

Bethel College is by no means without her "secret societies." Now and then a new one springs up and is organized so quickly that the non-members know nothing of its existence until on Saturday, every one receives a queer little invitation to attend some social event on the following evening. The queerest thing about these clubs is that those who are members one week, fail to be among the number of the next time. Last Saturday the girls received invitations in the form of little Washington hatchets. Of course every one knew that the "Secret Band" was at work again and something good was in store for us. The invited guests all dressed in "best togery," as the invitations requested, arrived at an early hour. The first part of the evening was spent in guessing contests. In one of these Mrs. Wm. Harrison was awarded the prize for being the most successful contestant. French candy, chocolate and wafers were served and flags were given as souvenirs. Another contest was over a Washington placard. The last of the pleasure consisted of music and games, which were greatly enjoyed.

### KALOZETIC SOCIETY NOTES.

The meeting last Friday was well attended and deserves to be mentioned as an especially interesting one. All reports save that of the Treasurer seemed to be satisfactory. Here was good so far as it went, but the society thinks her reports are not so definite as they should be. That efficient officer promises that in the future they shall be exact. In fact she has been working over her books every spare moment since Friday.

The Shakespeare program was ably carried out and was as follows:

A Talk on Shakespeare.....  
.....Miss Newman.  
Shakespeare-Bacon Controversy.....  
.....Miss Georgia Rushing.  
Quotations from Shakespeare.....  
.....Miss Myrtle Golladay.  
Piano Solo.....Miss Ethel Frost.  
Literary Contrast between Macbeth and Lady Macbeth.....  
.....Miss Delle Gaines.  
Speeches of Brutus and Anthony.....  
.....Miss Delle Wadlington.  
After some pointed remarks from our Critic the society adjourned.  
Our next meeting will be characterized by a general discussion of current events. REPORTER.

### S. K. C. NOTES.

We find ourselves snatched from the pleasures of our trip, and again at hard work. With mental visions of things we have seen in Paducah floating through our minds, we again strive to fasten our attention on text books.

The trip rather the visit, proved to be far more delightful than our fondest dreams.

A warm welcome was extended by the Paducah people, who entertained us royally.

The feature of our visit was the meeting of Capt. R. P. Hobson, U. S. N. after passing in review before him and giving an exhibition drill, he from the balcony of the Palmer house addressed us in a ten minute speech, after which he requested to be introduced to each cadet. The company then formed inside the hotel and Capt. Hobson was introduced by Capt. Key to each member of the company. Then bowing and smiling pleasantly the hero boarded the elevator and was taken to the parlors.

That night the Capt. delivered two addresses, and was escorted by the S. K. C. Company.

The Paducah people seemed to be delighted by the exhibition drills notwithstanding the terrible condition of the streets which, in a large way hindered the movements.

By our yells we were known. At certain times we could gather around our Captain and give vent to yells which shook the buildings to their foundations.

The convention services were well attended, and all are benefited by them.

The S. K. C. string band, which gave a short concert at the Y. M. C. A. building, gained for themselves quite a reputation.

Then, the paducah girls figured largely in the life of the cadets. On account of the sociability of the young people of that city we soon came to know many beautiful and attractive young ladies, whom we will never forget.

On Thursday a secret society was organized by the girls of S. K. C. with the following officers: Ida Fox, Minerva; Julia Street, Nannie Cox, Enterpriser; Alice Jones, Thalia; Bertha Gates, Nelson; Mary Pruitt, Terpsichore; Edna Adams, Erato; Bernice Waller, Polyhymnia; Jessie Goch, Calliope; Jennelle Golloway, Veania. Meetings will be held on Saturday nights.

There will soon be a basket ball game played between two selected teams under Misses Alice Jones, and Mary Pruitt, to which a number of visitors will be invited.

Prof. H. C. Smith, was sick Wednesday, but happily recovered in time for the trip to Paducah.

Thursday night before leaving for Paducah, the Cadet company drilled in Co. D's Armory.

Brent Walker now wears the medal as the best drilled Cadet.

Y. M. C. A. meeting on Tuesday night was taken up by discussing the Paducah trip.

The Junior Class held a meeting in the college parlors on Wednesday. Following is the program:

Reading by H. West, Reading by Miss Gates, Violon solo by D. Carney, Piano solo by Miss Cox, vocal solo Miss Anderson.

Mr. B. Mathews, who has for some time been absent on account of bad health, is again at school.

### GEN. GORDON MARCH 10.

In His New Lecture, "The First Days of The Confederacy."

Gen. John B. Gordon will deliver his new lecture, "The First Days of the Confederacy," at the Hotel Opera House, Monday night, March 10.

This lecture is pronounced by those who have heard it as fully equal in all respects to the "Last Days." Indeed many of the most competent critics think it the more powerful lecture of the two. It is a vivid portrayal of the wild and often ludicrous scenes enacted at the beginning of the war and the boundless enthusiasm which prevailed. In it General Gordon depicts many of the thrilling scenes in the great battles occurring in the first years of the war interspersing pathetic incidents and amusing anecdotes, while the whole lecture is pushed on the highest plane of brotherhood, sectional fraternity and intense Americanism. Wherever it is heard it is regarded as a benediction.

Where Skunks Were Numerous During

The other night a score of men were going to their homes in an electric car, when one of these animals got under the wheels. The skunk was killed, but such a frightful smell the passengers had never experienced before. It penetrated their clothing and they took to their homes a generous share of the odor. One man said that it seemed to be all through him. He washed his hair and took a bath, but he smelled as bad as ever.

### AN EASTERN CUSTOM.

Origin of the Baring of the Feet at  
Worship.

like Indian Hindus and Musulmans, all wear both sandals and shoes (slippers), and the latter boots also. The sandals (the word is Persian) was evidently the original covering for the feet over all southern and eastern Asia, while the shoe was probably introduced into India by the Persians, the Afghans and the Arabs. The latter the "tip-titled" (Hittite and Egyptian) boot. Both are usually made in India of leather, but never of pigskin, and while the shoes are always colored red or yellow, the boots are generally of brightly parti-colored, both, among the Hindus and the Moslems, and are richly embroidered in silver and gold, and variegated silk thread and bangles, bugles and seed pearls, after the manner of the ancient Persian boots represented on Greek vases. But, of however rare and costly elaboration, the invariable rule is to remove them when stepping into a private house, just when stepping onto a carpet or on which the visitor takes his sandals. They must be cast off—the right boot or shoe first—before the worshiper enters a temple or mosque and it is still regarded as an absolute profanation to attempt to enter either fully shod or with a domestic habit, says the Athenian, and the Moslem, as a serious propriety, and the religious ritual of "the shoes of the faithful," now for and centuries past observed throughout Islam, can be demonstrated to have been dictated by, if not to be not derived directly from the universal social etiquette of the East.

### THREE WOMEN LEFT

When Evangelist Insisted That  
Ladies Remove Their Hats.

Evangelist Allen Wilson, in a re-  
vival at the fashionable Central  
Christian church at Anderson, Ind.,  
insisted that ladies in the congre-  
gation should remove their hats.  
Three women left the crowded au-  
ditorium, but all others uncovered  
their heads. Mr. Wilson said that  
no preacher can reach or inspire  
men or other sinners who might be  
in or behind a wilderness of hats  
surmounted by decorated birds,  
stuffed weasels and chameleon skins,  
beads, straw, paper, stick pins, jet,  
flowers, tassels and tinsel down.  
The audience smiled, became hat-  
less, and the services proceeded.

### SCHLEY CASE

Decided Both Ways After a De-  
bate Saturday Night.

The debate on the merits of the  
Schley case came off at Sinking  
Fork Saturday night, with a large  
crowd on hand.

The question was resolved that  
the decision of the Schley Court of  
inquiry was a just verdict.

The affirmative was sustained by  
Messrs. R. A. Cook and John  
Stites; the negative by Messrs. J.  
W. Knight and J. Orville Goode.

Mr. T. J. Hiser presided and the  
following seven judges were chosen:  
Jas. D. Smith, C. T. Underwood,  
R. L. Woosley, W. E. Williamson,  
H. C. Jeffrey, Mrs. G. W. Woosley,  
and Mrs. W. C. Stephens.

The judges awarded the decision  
to the affirmative, but an appeal to  
the house resulted in a victory for  
the negative by a vote of 26 to 20.

## Tennessee Business College

Was founded March 5, 1901, and has been in progress ever since,  
and with the greatest results and encouragement. We have had  
a large enrollment and have secured positions for every one of  
our graduates, without a single exception, and many of them  
are holding some of the most responsible positions, with salaries  
ranging from \$35 to \$125 a month. No better school anywhere.  
We have four of the very best teachers of experience, who  
are graduates of "very best colleges in the South."  
You can get no better, no more thorough course anywhere.  
We are working for our reputation, hence it is to our advantage  
to thoroughly prepare our students and place them in good posi-  
tions.

We are connected with three Employment Agencies in S-  
cities and are having many more calls for book-keepers and  
stenographers every week than we can possibly supply. Al-  
you have to do is to take a thorough course with us, and the  
consequences will take care of themselves.

Our tuition is lower than anywhere else. We have argoo  
boarding house to take all our students at \$8 to \$10 a month.  
This school is permanent.
